

Karin Ekenberg

Full stack web developer

076 177 98 C1 | k.ekenberg.dev@gmail.com | [LinkedIn](#) | [Portfolio](#)

Summary

Web developer focused on usability, responsive design, and modern technologies such as React, .NET, and API integration. Experienced in agile workflows and Scrum, and quick to adapt to new tools and processes. I'm looking for a role where I can grow, contribute to a team, and help build digital solutions that make a real impact.
